

January 2023

Dear Church Missions Committee,

The youth of the Quinte region are struggling daily with damaged relationships, various addictions, the trappings of technology, and in many cases, life without hope. The good news is that God is using the ministry of QYU (YFC) in powerful ways to reach students with the life-changing message of Jesus Christ. Our goal is to help youth move forward with faith.

I am speaking with local churches about a campaign to increase my ministry support to 100%, so that I am fully funded as the Executive Director as I lead our chapter of QYU (YFC) with fundraising, leadership development, and communications. I also serve youth directly in various programs like our youth centre, Student Outreach and camps, as I am driven to our overall mission to engage and equip youth to know and follow Jesus.

I am hoping that your church would affirm my call, and partner with me in this vital ministry. I believe God has equipped me for this position but I cannot fulfill this ministry role alone. Just like any other missionary I need churches to pray, and give generously towards my ministry.

I am looking to raise my full support by June 30, 2023, or hopefully sooner. Is there a time that I could come to a missions committee meeting to share more about the ministry that God has called me to? I hope to have the opportunity to speak with you in person in the coming weeks to answer any questions you may have.

My phone number is 613-242-6733, and my email address is [colin@qyu.ca](mailto:colin@qyu.ca).

I look forward to hearing from you soon!

Many Blessings,

Colin Leaver  
Executive Director | Quinte Youth Unlimited (YFC)
